

Study Program: International Relations

Description: The world has evolved in a high-speed movement to become more interconnected and transparent to all layers of global communities. Trans-national relations have grown above the state-level, equipped with high-tech integration to achieve more national development and global collaboration. This dynamic of the world is well acknowledged by our study program. Our core lies in Technology and Global Affairs: An Inter-disciplinary studies of politics, history, economics, and sociology are integrated with a new approach in International Relations of Technology affairs. We aim to equip graduates with the capability to analyze and apply diverse concepts, theories and methods in understanding the world – including diplomacy and negotiation skills which will be highly demanded by both public and private sectors.

Field of Studies: Diplomacy • Foreign Policy • Regional Studies • International Political Economy • Peace and Conflict Studies • International Organizations and Cooperation • Global Politics • Development Studies • Political Economy of Resources • Security Studies
